

**PRESS RELEASE**  
Paris, October 29th 2021

## **French version of the Universal Registration Document for the financial year closed on June 30, 2021 now available**

### **Regulatory information**

**The Company Ramsay Générale de Santé has filed the French version of the 2021 Universal Registration Document (the “Document d’Enregistrement Universel”) on October 29, 2021 with the French securities regulator (the Autorité des Marchés Financiers – AMF) under number D D.21-0892.**

The Document d’Enregistrement Universel notably includes the following:

- the annual financial report for the financial year closed on June 30, 2021;
- the report on corporate governance;
- the non-financial performance statement;
- the description of the share buyback program;
- the Statutory Auditors’ reports.

The Document d’Enregistrement Universel is available to the public free of charge in accordance with the applicable regulations. It can also be found on the Company’s website at <https://www.ramsaysante.fr>.

The English version of the 2021 Universal Registration Document will be available soon on the Company’s website.

#### **About Ramsay Générale de Santé**

After the acquisition of Capio AB Group in 2018, Ramsay Santé has become one of the leaders of the private hospitalization and primary care in Europe with 36 000 employees and 8 600 practitioners serving 9 million patients in our 350 facilities in five countries: France, Sweden, Norway, Denmark and Italy.

Ramsay Santé offers almost all medical and surgical specialties in three business areas: general hospitals (medicine – surgery – obstetric), follow-up care and rehabilitation clinics, mental health. In all its territories, the group contributes to missions of public service and to the territorial sanitary disposal, as for example in Sweden with more than 100 proximity care units.

The quality and security of care is the group’s priority. As such our group is today a reference in terms of modern medicine, especially in outpatient care and enhanced recovery.

Every year, the group invests more than €200 million in innovation whether it is in new surgical or imaging technologies, in building or modernizing its facilities... The group also innovates in its organization and digitalization in order to deliver care in a more efficient way to the benefit of the patient.
