*Reports to Pascal Roché, Chief Executive Officer of Ramsay Santé*

Margareta Danelius is a doctor specialising in internal medicine, gastroenterology and hepatology. She has almost 35 years' experience in the healthcare sector, first as a doctor and then as a Medical Director and Director of Operations for hospitals, specialist clinics and primary care centres, for public, private not-for-profit and private for-profit operators.

She joined Capio in 2016 as Regional Medical Director for Primary Care. In 2017 she was appointed Medical Director of Capio Go before being appointed Medical Director of Capio - Ramsay Santé in Sweden in 2019. Since August 2023, Margareta had temporarily interrupted her duties within the Group to take on the medical management of two clinics in Lebanon as part of a humanitarian mission for Médecins Sans Frontières. She is also a member of the Ramsay Santé Mission Committee.

She was appointed Group Medical Director on 15 April 2024.

### **About Ramsay Santé**

Ramsay Santé is the European leader in private hospitalisation and primary care, with 38,000 employees and 9,300 practitioners serving 12 million patient visits in our 465 establishments in 5 countries: France, Sweden, Norway,

Denmark and Italy. Ramsay Santé offers inpatient treatment for virtually all medical and surgical conditions in three business lines: Medicine-Surgery-Obstetrics (MCO), Medical and Rehabilitation Care (SMR) and Mental Health. Ramsay Santé is, by statute, a company with a mission, committed to improving the health of everyone by constantly innovating. Wherever it operates, the Group participates in public health service missions and in the nation's healthcare network. Through its actions and the constant mobilisation of its teams, Ramsay Santé is committed to securing patients' healthcare pathways, from prevention to follow-up.

Every year, the Group invests more than 210 million euros in innovation to support the development and diversity of care pathways, whether medical, hospital, digital or administrative. Thanks to this commitment, our Group is strengthening access to healthcare for all, offering the best care, systematically engaging in dialogue with its stakeholders and better protecting the planet to improve health.
